COMMENTS FROM THE TOWN MANAGER'S OFFICE

Each time we have a fire one of the bothersome problems we experience is people calling either over the Red Phone Network or the phone at the Fire Station requesting information as to the progress of the fire or where it is. It is very important these lines be kept open as they are the only means the engineers at the fire have of communicating with the station unless they can send a person back with a message. The men at the station usually do not know how bad a fire is, therefore it is useless to call and ask them. A call to the Town Office will supply information as to the location although they will not be able to give a progress report.

The Red Phone Network is to be used only to report a fire or other emergency. During a fire the regular phone at the Fire Station should be used only when a direct contact needs to be made with the Department in matters relative to the fire.

The firemen now have their new truck very nearly completely equipped. There are a few items which have not been delivered. They have adopted a policy which states this truck will remain in town. The older Mack pumper will respond, along with the necessary tank trucks, to out of town alarms.

GOULD CLASS OF 1924 RECEIVES "DIPLOMAS" AS ALUMNI DAY HIGHLIGHT

Half a century after graduation, the Gould Academy class of 1924 received 50-year "diplomas" as a highlight of Alumni Day observances Saturday, Sept. 21.

The 50-year class could take pride in noting that 14 of its 23 living members were in Bethel for Saturday's reunion. One of them, Mrs. Genie Saunders Linscott, had journeyed more than 5,000 miles from her home in Honolulu to be here for the event. Another, Taylor D. Clough, had driven north from Sarasota, Fla., accompanied by Mrs. Clough, to attend the reunion.

Others attending were Mrs. Bessie Bean Hollis, Sudbury, Mass.; Col. Willard F. Bean, Lancaster, N. H.; William C. Chapman, Bethel; Mrs. Elsie Flint Hewey, Andover; Mrs. Ruth Emery Verville, Bethel; Miss Emeline V. Heath, Gilead; Edward H. Carlson, Kents Hill; Mrs. Alfreda Wheeler York, Williams-town, Vt.; Mrs. Hazel Sanborn Maxson, Pike, N. Y.; Mrs. Lilla Morse Reed, Roxbury; Mrs. Louise Shordon Day, Biddeford, and Charles H. Swan, Fryeburg.

Mr. and Mrs. Richard L. Verville of Bethel were hosts to the reunion group Saturday afternoon at their Bridge Street residence. Mrs. Verville, as noted above, is the former Ruth Emery, a class member and a Bethel native.

BETHEL CUB SCOUTS TO RE-ORGANIZE

Due to a lack of parental assistance, Pack 555 of the Bethel Cub Scouts may not be able to continue to provide Cub Scouting for approximately 50 interested boys. Leaders, den mothers and members of the committee are needed.

Boys who are now Cubs or boys who will be eight years old before Nov. 1, 1974, and who are interested in becoming a Cub are invited to a reorganizational meeting on Monday evening, Sept. 30, 1974, at 8:00 p. m. at the Methodist Church on Main Street in Bethel. A boy who is a Cub or plans to become a Cub should attend this meeting and MUST bring one parent or guardian to register the boy. If sufficient adult interest is not forthcoming at this meeting Cub Scouting in Bethel will die!

NOTES FROM THE AMBULANCE AND RESCUE SERVICE

Are you aware that the Ambulance and Rescue Service meets once a month with a business meeting and training? They met on Sept. 16 with 15 members present, plus a guest, Walt Cherry. There were several discussions held. More loyal volunteers are needed. Any interested citizen is more than welcome to attend the meetings. A discussion was held on the purchase of a new ambulance and the problems of operating such a service. As you probably know Eldon Greenleaf will not have Ambulance Service after April 1. Our organization is trying to continue that service, but we need help. The work of our organization is known state wide, we have been told we need volunteers who are willing, loyal and trained. But we also need something more. We need the support of all citizens. Why not get interested in a worthy cause? With the doctor situation as it is in this town, I think everyone agrees we need an Ambulance Service. But merely talking about it doesn't get too far. Come to the meetings and

TOP REBEL HARRIER—for Telstar's currently undefeated cross country team is Eric Dombkowski who has posted individual victories thus far against Messalonskee, Buckfield, Fryeburg, Oxford Hills, Lakes Region and Jay. The team record currently stands at 7-0.

WEST GREENWOOD HOME GUTTERED

On Wednesday morning, the Bethel and Greenwood fire departments were called to the home of Joseph Deegan in West Greenwood. A daughter, Kathy, having missed the school bus, went back to the house and went upstairs where another member of the family was sleeping, and on returning to the living room, found the room filled with smoke and called in an alarm. Three pieces of fire equipment from Bethel and four from Greenwood responded. Origin of the fire is still undetermined. Reportedly all personal possessions were lost.

OCTOBER EXPECTED TO BE BUSY MONTH AT MOSES MASON HOUSE

The number of visitors going through the Moses Mason House seems to be increasing in direct proportion to the advance of the fall foliage coloration and the next month should be a busy one. After the end of October the House will be open by appointment only, through the winter months.

During this past summer a great deal of work has gone into the organization of the Bethel Historical Society archives, now housed under one roof. Stanley Howe, curator, and a staff of volunteers have organized the files and systematized the acquisition procedures for the Museum. At the next meeting to be held on Oct. 3, the curator will explain the progress which has been made in these areas up to the present time.

Also at the next meeting announcements will be made of the various Committee appointments.

BETHEL DEMOCRATS HOLD SECOND MEETING OF FALL CAMPAIGN

The Bethel Democrats held the second meeting of the fall campaign on Monday, Sept. 23. Emily Saunders, legislative candidate for District 63, reported on her recent visit to Magalloway and Wilson's Mills. She found one of the most pressing issues in that area to be the problems involved in the access to public lands; preserving the wilderness area while guaranteeing non-exclusive public access. On Sept. 19, Mrs. Saunders participated in a conference sponsored by the Women's Political Caucus and the League of Women Voters in Augusta, and she relayed details of this to the group. Walter Cherry gave a brief talk about the proposed Family Health Center, and Candidate Saunders and assembled Democrats

TELSTAR'S STREAK ENDS AT 20 — JAY WINS 12-0

Monmouth Visits Telstar Saturday at 1:30

The longest schoolboy football winning streak in the state came to an end last Friday night when host Jay High School turned in an outstanding defensive job to down visiting Telstar 12-0.

Both teams now sport 2-1 records in the Class C Mountain Valley Conference.

Jay scored touchdowns in the second and fourth quarters of the game contested in the rain and mud. In the second, Chris Decker plunged one yard up the middle and in the fourth quarterback Robin Roberts hit split end Ken Dube with a 22-yard scoring strike.

Telstar will entertain Monmouth Academy in a 1:30 game Saturday afternoon.

Last week's summary:
Telstar 0 0 0 0—0
Jay 0 6 0 6—12
Jay: Decker, 1 run (kick failed); Dube, 22 pass from Roberts (kick failed).

DRAWINGS BY JAY ARTIST EXHIBITED AT LIBRARY

Drawings by Arie Therrien of Jay are presently on display in the Bethel Library. Mrs. Therrien started painting in 1960 under Victor Anderson, studied with Alicia Stonebreaker and Prof. Lajos Matolcsy and took a two year course at U. of M., Augusta. Her work has received many honors, including a prize for first place in pen and ink at the Lewiston State Fair this year and several prizes in various Western Maine Art Group showings. She has exhibited at fairs, several sidewalk and hobby shows, at Old Orchard, UMF and UMA, and one of her illustrations was used on calendars by the Otis Division Credit Union, Jay.

BARTLETT'S TO BE HONORED AT RUMFORD CENTER

Friends and relatives are cordially invited to Open House in honor of the 50th wedding anniversary of Leo and Elinor Bartlett on Sunday, Oct. 6, 2 p. m. at the town hall, Rumford Center.

ocrats expressed their support for the plan. Considerable time was devoted to a discussion of a questionnaire received from Common Cause of Maine, regarding campaign financing. Generally the group and the candidate favored the changes suggested regarding limits to individual donations and reporting of campaign expenses.

The regular meetings of the Bethel Democrats and Friends of Emily Saunders are to be held every Monday evening at 7:30 at the home of the candidate on Spring Street in Bethel.

SOUTH WOODSTOCK — GREENWOOD CITY

Mrs. Olive Davis, Corres.
Miriam McAllister, Bryant Pond, called on Mr. and Mrs. Ellis Davis Wednesday.

Franklin Grange met Monday evening for scrambled officers night. Stephen Seames acted as master; Overseer, Verna Swan; Lecturer, Little Brooks; Steward, Carl Brooks; A. S., Norm Mills; L. A. S., Charlotte Cole; Gatekeeper, Ruby Emery; Chaplain, Evelyn Bean; Treasurer, Chester Bean; Secretary, Harriet Hathaway; Ceres, Ethel MacKenzie; Pomona, Iva Beck; Flora, Ellis Davis; Planist, Eva Mills.

The Lecturer, Little Brooks, put on School Days. She conducted a primary and intermediate grade in Reading, Arithmetic, Spelling and Art after they opened up with School Days and Good Morning To You in their melodious singing. Evelyn Bean read the closing thought, "Don't be a Quitter."

The next meeting will be election of officers. Let's all turn out and bring a snack. See you there.

Beryl Hall and family have arrived at Fairbanks, Alaska and are settled for the winter. They had been out swimming in the outdoor pool recently. The children have entered in the school there.

Mrs. Maurice Morgan has returned from the Park View Hospital in Brunswick where she has been the past week and underwent surgery. Maurice Morgan had a two weeks vacation from his work at Stowell's Mill and has been in Brunswick all the week, too.

Wendy Morgan spent the week end with her parents Mr. and Mrs. Maurice Morgan, returning to work at Brunswick Sunday.

To the Lecturers in Oxford Pomona Jurisdiction: Have you sent your Lecturer's program book to Mrs. June Burke, East Lebanon, Maine, 04027 yet? It is supposed to be in before the 30th of September. I've sent my two. Audrey Hallett, Hattie Harmon and Gail Butlerfield are sending theirs. We hope the others will be putting them in the mail under "Books" as that is less postage, I'm told.

Mr. and Mrs. Mansfield Packard, Waterville, called on Mr. and Mrs. Guyon Davis Saturday evening.

Mr. and Mrs. Leon Verrill were in Lewiston Saturday night to call on her mother, Mrs. Hazel Johnson, who is undergoing treatments at the C. M. G. Hospital.

Leslie Bryant was at Ellis Davis Saturday morning picking the produce in his garden and caring for the corn stalks. What would we do without Leslie?

Mrs. Collette Morgan, Corres.

On September 13 it was summer for the day. The sky poured down its heat; and wherever one looked, a blue heat-haze lay heavy. The nagging flies were energized to new life and pestered me when I went to the garden for vegetables. The corn, the truly sacred plant of America, stood basking in the sun with those delicious ears, so plentiful this year. When we planted, which seems only yesterday, this same corn was pale-yellow, wrinkled, horny, shrunken and in the furrows. We strongly hoped at the time that Mr. Coon would leave us a little. He sometimes doesn't. He did. Many thanks for being so thoughtful.

By evening there was a cool breath of air moving and the promise of a good day for tomorrow.

It was, with the far horizons a beautiful blue. Thin clouds were still as if they had been painted on the sky.

The day was too fine to spend indoors so Ruth and I went for a hike. We walked in from the main road to where the Town Meeting Elm stands. For this great tree death has come gradually. Its vitality has ebbed slowly and even now when life has entirely abandoned it; it remains a majestic thing. It dominates the landscape and retains its character and dignity even in death as it did in early 1900 when the Greenwood settlers met there to settle town affairs.

How many generations of squirrels have traveled up and down its bark! How many generations of birds have sung from its branches! How many people have paused beneath its shade! I have seen its life stream break down as it lost its nourishment.

ment. Little by little its life ended. It has stood there toward the sunrises and sunsets for so many years, rooted in that same spot. Soon there will be an empty spot in the sky as we pass.

Instead of turning left here as we have done so many times, we turned right and took the one time old county road.

Do you know what delight it is to sally forth on such a lovely day? Sound calls unto sound and all the forest is in harmony. There is music, then a brief silence. Each leaf has its own tongue and the grass gives back its notes.

By the roadside were the loveliest groups of white Baneberry, just loaded with white berries with a dark "pupil" clinging to red stalks. We admired them then moved on to something new.

We covered distance easily and fast and were soon at the location of the Joe Emmons place looking up at Uncle Joe Mountain.

Frost flowers were everywhere along the numerous stone walls. A side path aroused our curiosity so we followed it for a short distance. Later we learned it went on to the mountain to a mine. We turned back and once more took the old road, this time toward home.

We had certainly enjoyed the tonic of the wilderness on this lovely September day!

NORTHWEST BETHEL -

- Mrs. Louise B. Chapman, Corres. -

Short days grow shorter as Fall takes summer's place. For some reason Fall is by far my favorite season. I think the main reason for this is the weather. It is so very very crisp and clear. It snaps you awake in the morning and hurries you to bed at night. Of course the color of Fall is an overwhelming thing. It's so easy to take it for granted, that is until you hear someone who is seeing it for the first time. Fall is also the time of year I'll bet you've been to one - and if not, I'll bet you will! Maybe I'll see you there.

TELSTAR NEWS

- Mrs. David Foster, Corres. -

Yes, it's true: the Telstar Drama Club is at it again, with Mr. Gironda as our new advisor and a new twist: a Junior High section.

Though there were mixed feelings about including the Jr. High, they are quite talented and determined, so we're sure they'll prove themselves.

We're putting on our first production, "The Ugly Duckling", some time before Christmas, so watch for it and plan to come. We need your support, and a production does take a lot of work - as I found out! The audience sees only the actors and actresses, but we see props, lights, curtain, publicity, make-up, which just goes to prove that everyone has a part, no matter how slight.

So peace to you all, I'll be back once in a while to keep you up to date.

The council is looking in to having a foreign exchange student at Telstar either this spring or next fall.

This year the council will reimburse a club or organization if they lose money when sponsoring an activity. Hopefully this will encourage clubs to get busy and sponsor more activities.

We have two members on the faculty committee busy working on an open house during the week of October 29 through November 2, which is National Education Week. We have a committee planning a student-teacher exchange on National Student Government Day-October 29.

YOU WRITE THE LAST CHAPTER

by Walt Cherry

In the first article of this series, I promised to provide a cost figure for a complete family health care center. Researching building and equipment costs, I have determined to my satisfaction that it can be done for \$300,000. This figure would cover the cost of constructing, furnishing and equipping a suitable building, the equipment to include X-ray, electrocardiogram, cardiac defibrillator, and all other items necessary for primary curative, preventive and emergency care.

Whether or not it can be done depends largely on the attitudes of you — the ultimate users. Therefore, I request you to complete the questionnaire below.

You may return it to me, R. D. #2, Bethel, Maine, 04217, or you may deposit it at any of the following establishments which have agreed to provide receptacles for the purpose. The questionnaires will be picked up on Oct. 3rd.

Clukey's Pharmacy; Bethel IGA; Bethel A & P; Bethel Post Office; Hanover Dovel; Kendall Dovel Mill; Bethel Furniture Store; Newton Tebbets Mill; Ekco Tebbets, Inc.; Head's Store; Hathaway's Store; Casco Bank; Howe's General Store; Stowell Silk Spool Company.

3. Are you satisfied with the present medical care available to you and your family?

Yes No

4. Would you use the services of a 24-hour a day, 7-day per week family health care center located in Bethel?

Yes No

5. If so, would you use the services of well-trained Physician's Associates and nurses?

Yes No

5-A. Or would you insist on being examined by a licensed doctor?

Yes No

6. A significant part of establishing a family health care center will require contributions by prospective users. Would you contribute \$10.00 or more?

Yes No

30 SECONDS WITH THE NAZARENE

Rev. Barbara Huse, Pastor
Bethel Church of the Nazarene

While touring through Maine one summer we saw the sign, "Treasures and Trash". This sort of started the rusty wheels turning in our brain.

You know what is one person's treasure may be just plain trash to someone else. Little boys have some great treasures, a few stones, marbles of various colors, a pet frog, model cars, to mention a few.

Girls too have their treasures, bright-colored ribbons, cutout pictures of animals, their heroes, a special dress or pair of jeans. Adults, oh yes, we hang on to many so-called treasures, memories of the past, cars, boats, snowmobiles, you name it, we are collectors of treasures.

Listen to the word of God, let it speak to you for itself. No sermonizing is necessary.

"Do not store up for yourselves treasures on earth, where moth and rust destroy, and where thieves break in and steal. But store up for yourselves treasures in heaven, where moth and rust do not destroy, and where thieves do not break in and steal. For where your treasure is, there your heart will be also." (The New International Version.)

CO-OP CORNER

Pamela Coolidge

Cathy Davis

The featured student of the Co-op Corner this week is Cathy Davis, a senior at Telstar High School.

Cathy is trying to decide if she wants to pursue a career in business and/or music. To help solve this conflict, Cathy is working for the S. A. D. #44 Music Department, on a job that deals in both the music and business areas. She copies music, writes a bi-weekly article for the paper, types, supervises sectionals, accompanies some chorus sectionals, and is in the process of getting up schedules for Mrs. Ormrod and Mr. Bangs.

Cathy feels that the most challenging part of her job is conducting the band when Mr. Bangs isn't around. Although she finds this a challenge, she enjoys the responsibility that goes along with it.

Miss Davis feels that Co-op will give her the experience of holding a job and keeping up with her studies. She is involved in a number of school activities, including: vice-president of the Student Council, vice-president of the F. H. A. (also holding one district office and one state office), band, chorus, stage band, and is President of the National Honor Society (N. H. S.). Her out school interests include music and wildlife photography.

A life long resident of the district, Cathy is the daughter of Mr. and Mrs. Richard L. Davis, Bethel.

JACKSON SILVER POST & UNIT

Jackson Silver Post & Unit No. 68 American Legion, Locke Mills, met Thursday night to honor its Junior Baseball team and their parents.

A 6:30 supper preceded the program and the presentation of the certificates of merit to the boys, by Commander Dick Melville, assisted by Coach Charles Newell.

Coach Newell was given two certificates of appreciation, one from the National organization and the other from Post No. 68. He also received a surprise monetary gift, to help on his traveling costs.

Their "bat girl," Ann Marie Blake was also honored. The "Louisville Slugger" award went to Wayne Cummings with a batting average of .403.

State Commander and Mrs. Donald Stone of Scarborough and area baseball commissioner James McMahon of Auburn were the speakers. Past Department President Myra Stevens of Norway, County president Grace Smith and president Cathryn Lovejoy were at the head table, also.

Other guests were Maurice Segal, Post No. 153, Auburn; Bob Rich, Post 158 of Lisbon; Roland Haggett, Norway and Leroy Jordan.

Richard Blake spoke in behalf of the parents present, thanking the Post for their efforts in helping the boys.

Beverly Melville officiated at the piano for the singing of "God Bless America", and Chaplain Cummings gave the opening prayer followed by the salute to the flag.

Charter members Alanson and Fannie Cummings gave the Post a framed picture of the Burning of the Mortgage and the Unit, one of the new officers to hang in the hall.

The tables were set up by Dorothy West and her grandparents on Wednesday. The Auxiliary colors were carried out with the use

HEAD START NEWS

After three days of school, things are running very smoothly. Our 14 children are getting readily acquainted with the staff and their fellow students. The day begins when the bus brings them to the center. From there we go on to free play for about 20 minutes while breakfast is being readied. The children wash up (eat breakfast, brush their teeth, then settle down for a story or listening to children's records. Outdoor play or exercise is next on the agenda. We have tricycles, horseshoes, a wagon, bat and ball, and other outdoor games. If we have an exceptionally good day, we journey to the park, or down on the Gould field hockey field for ample running space. Back in the center again we have time for educational play. This means coloring, painting, drawing, educational and teaching toys and stories. All too soon it's time to wash again for lunch. Our hot lunches are delivered from Telstar now, but we still hope for our own cook. Free play or stories, fill the time left until it's time to go home. In our center we have four separate play areas. There is one set-up for little home-makers, with doll-size kitchen and furniture. We have plenty of stuffed animals and dolls for all. Our next compartment is educational. Here are the learning toys, books, science table, and work table. There is also a space for all drawing, coloring and painting, and a space for trucks, blocks,

LEGION AUXILIARY

The Mundt-Allen Unit No. 81 held its Sept. 24th meeting at the Legion Hall on Vernon Street, with Josephine Tripp presiding. Ten members were in attendance. Six officers answered the roll call.

The business meeting was mostly devoted to the Waterford Fair Booth. A new hot water tank has been installed, and members have the booth ready for the opening day — members are reminded to either bring or leave their pies at Iola Forbes home for the Booth. Helpers are also needed as usual. This the way the Auxiliary pays their commitments to Department through the year. All must do their part.

It was reported that Philip Daye was at the Stephens Memorial Hospital in Norway and Dana Brooks at the Mercy Hospital in Portland. Cards are to be sent to both. Meeting adjourned until Oct. 8.

tinker toys, and such. In the first two days we've had four volunteers, two stand-bys, Linda Haegle and Norman Stone, and two new ones, Candy Howard and Sherry Stevens. Will we see you at the center?

We've had a tricycle donated by Kathy Kendall, West Bethel. We have three mothers bussing the children. Edleen Fraser, Jennice Cole and Mary Tyler.

If the first few days are any indication of what is to be, I'm sure we're in for a good year!

How to Make More on Your Savings in the Long Run

If you're like most people, you have some sort of savings account. And you may be earning as much as 6 1/2% simple annual interest. But if you've got all your savings in a single account, Casco Bank may be able to show you a way to get more for your money.

It's Casco's 2-in-1 savings idea. And the way it works is simple. You keep part of your savings in a day-in/day-out account where you can make deposits or withdrawals as often as you wish. And you keep your more permanent savings in a savings certificate where you earn a higher rate of interest.

For example, if you put \$1,000 in a Four Year Savings Certificate, you earn 7 1/4% simple annual interest. With Casco's daily compounding, your actual annual yield is even higher.

Of course, should you withdraw money ahead of time from a term savings plan, there's a substantial interest penalty and you should find out the details before you make a commitment. But if you can make more from your money, isn't it silly not to?

Stop by your Casco office and ask how you can do better in the long run.

We're always thinking...

unbelievable?

The Best Way To Save Energy Is By Calling Your Oil Dealer.

Unbelievable or not, the fact is, we can do a great deal to save energy, and in the process save you money.

FACT: oil heat directly fired saves 3 times the oil it takes to generate the same heat by electricity or any other indirect energy source.

FACT: most oil burners could use a quick inexpensive tune up that could save you 20% or more each year. Like all appliances, your oil furnace needs a little maintenance to run more efficiently. It will run cleaner too.

FACT: Our company wants to do all we can to save you money. Give us a call, we will be glad to show you how to use less of a good thing.

ETHEL BISBEE KINDERGARTEN LEARNS ABOUT BUS SAFETY

Friday, Sept. 20, the Ethel Bisbee Kindergarten classes learned about School Bus Safety under the instructions of Richard (Sonny) Blake, S. A. D. 44 Transportation Supervisor.

The children were taken for a bus ride to Telstar High School. While riding to Telstar they learned why busses stop at railroad crossings, the correct speed limits, the proper way to ride on a bus and Bus Safety Rules. They observed where the busses were kept at Telstar, the fuel tanks and other points of interest.

After returning, each child practiced the correct way to get off the bus and cross the road in front of the bus under the supervision of Sonny Blake and Mrs. Cross, Kindergarten Teacher, and Mrs. Cummings, teacher aide.

Fire Safety was observed with a practice drill leaving the bus through the emergency door in case of an emergency.

Mr. Blake also cautioned the children about the hazard of winter driving. He demonstrated the danger of getting too close to the bus while in motion and never to reach under the bus for papers, lunch boxes etc., dropped while leaving the bus.

Each child was given a booklet to take home entitled "Join the School Bus Safety Team."

The afternoon class photo was taken by Mary Jane Gaudreau, Ethel Bisbee School, First Grade Teacher.

We would like to thank Sonny Blake for the excellent job he did for us. A good time was had by all.

TELSTAR STAGE BAND — One of the newest and most popular groups at Telstar is the Stage Band. Organized two years ago, under the direction of Glenn Bangs, the Stage Band has created quite a name for themselves, not only among the community, but around the state as well. Two years ago at the Maine Jazz Festival they won first place in the class B competition against many older and more experienced groups of their kind.

Like all musical groups at Telstar, the Stage Band started practicing with the beginning of school. Pictured above is the group at one of their practices: at the piano, Betsy Davis; at the drums, Calvin Baker; first row, left to right, Tammy Mills, Gary Dunham, Nancy Brown, David Berry, Debbie Buck, Kim Coolidge, Becki Cobb. Middle row: Irene Howe, Cathy Davis, Ellen

Lovejoy. Back row: Elaine Cross, Lani Poland, Kathy Morey, Peter Keniston, Frank Lowell. Director, Mr. Bangs.

This year brings many new and exciting plans for the Stage Band. Throughout the year they hope to play at several dances and concerts at Telstar. In the spring it is hoped that they will go on tour for about a week before entering the Maine Jazz Festival at Winthrop.

Anyone who has ever heard this group knows what kind of sounds it puts out and anyone who hasn't doesn't know what their missing.

The Stage Band has a very big selection of songs, ranging from Jazz to Blues, and from Swing to Rock.

So the next time the group plays at a dance or public performance, come and listen and enjoy. — Cathy Davis.
